

## **A-6700-M FRONT CRANK SEAL**

No modifications to engine required.

Replaces B-6700-A packings.

Fits 1928-34 4 cyl. and 1932-53 V8 engines.

Install with lip towards rear of engine. Rubbing surface must be smooth and not worn. Original shaft diameter is 1.625 inches.

Deburr crank pulley before assembly. Bed the OD of the seal in silicone gasket sealant.
